

The Electronic Security Industry Benefits from 6th Annual AIREF Golf Classic

On March 31, the support of sponsors and enthusiastic players made the 6th Annual AIREF Golf Classic one of the most successful fundraising events in the history of the Alarm Industry Research and Educational Foundation (AIREF). Since the NBFSA created this event for their 501(c)3 foundation, , dedicated co-chairs Jamie Orvis and Bart Didden have ensured that the AIREF golf tournament and reception gained the publicity and sponsors needed to generate funds used to conduct valuable research.

“This is the sole fundraising event for AIREF and allows the foundation to fund critical research and educational programs that benefit our industry and enhance public safety,” said Didden.

Players from throughout the United States registered for the tournament and were joined by security industry leaders at the AIREF reception at The Rock House on the Las Vegas strip. Key support came from \$25,000 Weinstock sponsors Honeywell Security Group and the Security Industry Association, as well as \$10,000 Jackson sponsors ADI, ISC Expo, Napco Security Group and Tri-Ed.

“We appreciate the commitment and generosity of the sponsoring companies and associations who make this event so successful,” said Orvis.

The Honeywell Security Group foursome was the winner of the tournament thanks to the play of Keith Baird of Honeywell, Joe Nuccio of ASG Security, Mike Matson of Matson Alarm and George De Marco of the NBFSA.

“Our thanks to the sponsors, players and volunteers for making this our most successful event yet,” said AIREF Chairman John Jennings. “Bart and Jamie are tireless in their efforts to support the foundation and produce a first-class event for our members and friends.”

The 7th Annual AIREF Golf Classic will be held March 23, 2010 in Las Vegas. For more information, visit www.airef.org.
